Ari,

Marie is off today but it looks open on her calendar. I will go ahead and send out a meeting request and confirm with you next week.

I'm planning on taking the meeting anyway - it's not my only meeting of the day.

Assuming that still works for you all.

I will get the address for you today. On another note, you being off today will cancel today's food truck meeting. Can you just send Suzanne annoy with another date?

Glad I was able to be there. We'll start with BOE, hopefully won't have to involve Urban Forestry as that can complicate things, and will see what we can do. Can you provide exact addresses for the uplifted tree grates? We're technically off tomorrow, but I'll make sure Lilie and/or I follow up later next week.

Warmly,

Ari

Hi Ari,

Great seeing you today. Great job at the presentation as well.

Please see the pictures, what, if anything can be done about these grates? We have many that are twisted and bent and this creates a tripping hazard. These are located on the south side of 6th between Grand and Olive. Thanks
